## NOTE TO AUTHORS

Contributions to "Nuclear Physics B" should be sent in duplicate to: Editorial Office of "Nuclear Physics B", Matrix Building, Science Centre WCW, Kruislaan 419, 1098 VA Amsterdam, The Netherlands. The Editorial Office can also be reached by telephone at: +31 20 5618181; FAX +31 20 6654969; e-mail at npb@nikhef.nl. Contributions from the USA may also be sent to either of the following associate editors: Professor D. Cline, Physics Department, UCLA, Los Angeles, CA 90024; Professor F. Zachariasen, Charles C. Lauritsen Lab. of Physics, CALTECH, Pasadena, CA 91125. Papers in experimental high-energy physics will be published in the **Rapid Communications** section of the journal, and should be submitted to one of the following: Professor W. Bartel, DESY F11, Notkestrasse 85, D-2000 Hamburg 52, Germany (e-mail: f11bar@dhhdesy3.bitnet); Professor M. Derrick, Argonne National Laboratory, High Energy Physics D-362, 970 South Cass Avenue, Argonne, IL 60439, USA (e-mail: mxd@anlhep.bitnet); Professor L. DiLella, CERN, 1211 Geneva 23, Switzerland (e-mail: dilella@cernvm.bitnet). They should be accompanied by a covering letter, indicating, in case of joint authorship, to whom further correspondence, proofs, etc., should be addressed. Authors should take care that their contributions are written in good English: "broken English" is not acceptable.

Manuscripts for Nuclear Physics B should be prepared in accordance with the rules and conventions outlined in **Instructions to Contributors** which appear on the rear inside cover of most issues.

All papers are subject to refereeing. "Letter-type" contributions and unnecessarily long papers are unacceptable. Authors should make every effort to achieve the utmost concision compatible with clarity. They should make a careful survey of the literature to ensure that papers do not duplicate previous work and that relevant existing knowledge has been taken into account. It should be realised that the criteria for refereeing are very high. *At present only 50% of the papers submitted are immediately acceptable.*

The Editors and Publishers aim at the following *time schedule*: within one week of submission the Author should have received acknowledgement of receipt of his manuscript. Within two months (normally within one month) he should have had notification of acceptance or rejection, or a request for revision. After receipt of an acceptance card, he should receive proofs within six weeks. Finally, six weeks after returning the corrected proofs, the paper should be published. For post-acceptance desk-editorial matters, reference may be made to: Nuclear Physics B, P.O. Box 103, 1000 AC Amsterdam, The Netherlands (Tel: +31 20 5862 571; e-mail nhpnuclear@elsevier.nl).

NUCLEAR PHYSICS A is published in weekly issues. 15 volumes (60 issues) have been announced for 1992. The subcription price for these volumes is Dfl. 7740.00 including postage and handling.
